

US Beltie News

THE OFFICIAL PUBLICATION OF THE BELTED GALLOWAY SOCIETY, INC.

© Pineview Farm (ME)

President Greg Hipple

Summertime is here and everyone is busy. Our junior members who are part of 4-H and FFA are enjoying the “Super Bowl” of their year with the county and state fairs happening all over the country. It is an exciting time for them, and should be for all

of us, because they are the future of our breed. I enjoy seeing young people share their accomplishments that they worked so hard to bring to fruition. It is also rewarding to see the pride and joy on the faces of their parents, as their children prosper in their endeavors. Fair season is more exciting for me than anything else all year.

The writing of this message also coincides with the closing of the comment period, wherein the Society solicited member input through a survey about the Appendix Recordation. I hope everyone that wanted to respond took the opportunity to do so. I heard from many members during the last 12 weeks that we collected the responses. I will be very curious about the majority opinions. To those of you that took the time to let us know how you felt Council should proceed — *thank you!*

The Long Range Planning Committee and Council will tabulate your responses and use the information to, hopefully, finalize this study and reach a decision by the November fall Council meeting in Louisville, Kentucky. If any member has anything they wish Council to discuss, or wish added to the agenda for the fall meeting, do not hesitate to contact me, or Executive Director Vic Eggleston. I have had written correspondence with a few members as of late, and I will keep Council apprised of these issues. I appreciate everyone sending your comments and concerns.

On the second page of this issue, we are remembering Jeff Lovett, husband of Vice President Lisa Lovett. Jeff lost his battle with cancer July 10, 2016. I feel very fortunate to have known him, as well as, honored to have called him my friend. He did more than many know supporting and promoting Belted Galloway cattle, most notably serving as the president of the Great Lakes Belted Galloway Association. The Lovett's' Belted Galloway herd at Antietam Farm is a sight to behold as it graces the farmstead they built together in northern Illinois. We are all better people because of people like Jeff Lovett. I offer our condolences to Lisa and the rest of the Lovett family in their time of loss.

Jeffrey Arthur Lovett, 58, of Dixon, IL died peacefully July 10, 2016, after a valiant 11-month battle with cancer.

He was born on March 18, 1958, Temple, TX on March 18, 1958 to Donald Robert Lovett and Carol Joan Pulver. He married Lisa Linn Reed on Feb. 14, 1975, and they had two daughters.

Jeff is survived by his wife, Lisa L. Lovett and his daughters, Heather L. Lovett of Muncie, IN and Sarah J. Lovett of Phoenix, AZ. Jeff's granddaughters include Haley Lenhart, Lillian Richardson, Katherine Richardson, Marianna Al-Ghizawat. Jeff is also survived by his parents, Donald and Carol Lovett, sister Joan (Tim) Tripp all of Hendersonville, NC; brother Don (Nikki) Lovett of Dixon, IL; and his four nieces and four nephews. He was preceded in death by two grandchildren, Nora Katherine and William Arthur Richardson.

Jeffrey attended Dixon High School and graduated in 1976, Sauk Valley College in 1978, and Northern Illinois University in 1980 with a B.S. degree in finance.

Jeffrey led a full and active life. After graduating from college, Jeff served as state bank examiner with the Illinois Commissioner of Banks, became the Cashier, Board Secretary, and Loan Officer for the State Bank of Paw Paw. In 1985, Jeffrey began employment at Dixon National Bank as an Assistant Vice President. In 1992, when Dixon National Bank was sold to AMCORE, Jeffrey was made Senior Vice President/Chief Lending Officer. In March 1999, he was named President/Chief Operation Officer. Jeff was later named a Regional Market President for the group of AMCORE banks. In 2010, Midland States Bank purchased the banks that Jeffrey man-

aged and he became one of three Regional Market Presidents. Even though the name of the bank kept changing, Jeffrey unflinchingly served the local community and provided the same steady support.

Following the family's commitment to community service, Jeffrey was very involved with community organizations. While living in Ashton for five years, he was Trustee on the Village Board, past President of the Ashton Lions, member of the Ashton Business Association and Ashton Fire Department and organizer and first President of the Ashton Summer Celebration. While living and/or working in Dixon, he had been past President of the Dixon Evening Lions Club, Dixon Family YMCA, Dixon Petunia Festival, founder and Past President of Dixon Main Street, board member of Sinissippi Centers, and the Ronald Reagan Boyhood Home Preservation Foundation. He also served for roughly ten years on the Board and numerous terms as President for the Great Lakes Belted Galloway Association. He also served on the board of the Dixon Chamber of Commerce and the Sauk Valley College Foundation. He chaired the Dixon Mayor's Economic Development commission as appointed by Mayor James Burke. He currently served on the Board of Directors for the Dixon Fire Department Pension Plan for the City of Dixon, as a Past President and Board member for Sinissippi Centers, Inc., as a past President and Board member for the Ronald Reagan Boyhood Home Preservation Foundation. In 1995, he was awarded the Dixon Chamber of Commerce's Citizen of the Year Award and he also was the past Dixon Evening Lions Club Lion of the Year.

Jeffrey enjoyed a lifelong interest in many areas of history, that included Civil War, local history and genealogy. He enjoyed Civil War reenacting for several years. He wrote many self-published books about the homes in which he lived, family lines, and his friends' family histories. Jeff and Lisa enjoyed their family and Antietam Farm, raising cattle, horses and chickens. He will be forever admired and greatly missed, not only by his family, but by his community and everyone who knew him.

NEGG Annual Summer Meeting

Dustin James, Maine

The New England Galloway Group would like to express our utmost gratitude to the Romani family of Harmony Meadows Farm in Rhode Island for their incredible hospitality at the 2016 annual summer meeting. With approximately 40 guests in attendance, from all over New England and as far away as Texas, our group enjoyed a beautiful summer day in the town of Chepachet.

During the meeting, the group heavily discussed the annual National Belted Galloway Sale, held each spring in Fryeburg, Maine. The organization feels there is room for the sale to grow and we are eager to pursue new possibilities in order to make this happen. A great list of ideas were presented to the sale committee. The NEGG encourages anyone with further ideas to please contact the sale manager, Scot Adams at mnshadow@tdstelme.net or NEGG president Randy Hall at edfdchief@hotmail.com.

In other business, the group has agreed to remodel the current website, allowing for proper updates to be made. Additionally, the group will be continuing the youth heifer project and will soon begin locating a potential calf and deserving applicant for this project. Application packets will be available in the near future. Several subcommittees were also formed to better organize the group. A full list of these committees will be announced soon.

Attendees enjoyed a delicious pig roast and the opportunity to tour the beautiful property owned by the Romani family. The wonderfully landscaped property encompasses several breathtaking rock walls and is home to multiple forms of livestock, headlined of course by their Belted Galloways. We truly couldn't have picked a more beautiful spot for our meeting. *Thank you again, Harmony Meadows Farm!*

Calendar Reminders

Union Fair/Maine Wild Blueberry Festival

August 20-29, 2016. Union, ME. Contact the office at (207) 785-2978 or guiniridge@gmail.com.

Farmington Fair

Southwest Belted Galloway Association Gathering and Ranch Tour & BBQ

November 5, 2016. Cardinal Ranch in McKinney, Texas. Contact Tom Shaw at thomas.te@gmail.com.

Purchasing Belted Galloway Cattle

Executive Director Vic Eggleston

I have received a number of calls and emails lately regarding unethical Belted Galloway sales which prompted me to list a few points I feel that buyers should consider when purchasing Belties.

1. **When purchasing bulls over 1 year of age**, insist that the seller provide proof that the bull passed his bull soundness exam. A number of veterinarians and AI industry professionals are qualified to provide this service. A good example of a bill of sale for bulls is on page V-15 located in the Belted Galloway Breeders Manual.
2. **If purchasing a bull less than 1 year of age**, ask for a written statement that guarantees the bull's ability to breed and outlining the arrangements should the bull not be able to breed. Page II-28-30 in the Belted Galloway Breeders Manual contains bull purchase recommendations. Pages II-31-33 has recommenda-

tions for purchasing Beltie cows, and pages II-34-36 has recommendations for purchasing Beltie heifers.

3. **When purchasing a Belted Galloway**, require the seller to provide a bill of sale that includes the animal's name, registration number tattoo and purchase price. If it is not registered, consider withholding partial payment until the registration papers are received. It's the seller's obligation to apply for registration &/or transfer of the animals they sell.
4. **Do not assume that a Belted Galloway can be registered based on the seller's statement that the parents are purebred.** Unless the sire and dam are registered, they cannot be considered purebred, and the offspring cannot be registered. Individuals cannot register Belted Galloway cattle unless they are either life members or current regular members of the Belted Galloway Society. Membership status can be found in the Society's section of the Canadian Livestock Records Corporation or clrc.ca.

Exhibitor Meeting

6 PM

All Cattle Released

We are accepting nominations for the Premium Sale through September 9, 2016. All entry nominations must be purebred, registered (no Appendix recorded) Belted Galloway cattle. We will also accept other nominations; right to flush, embryos, semen and unique lots approved by the sale management. For breeders who do not have anything to sell in the sale, you may participate by advertising in the sale catalog which will be sent to all members. Nomination forms and advertising information are available on beltie.org. We will also be selling a selective, limited number of bulls. To sell a bull, you must also sell one female lot with the complete details are available on the nomination form.

Entry forms and full details for the open and junior shows will be posted on beltie.org. **Show entries will be due by October 1, 2016.**

Any questions or inquiries about consigning, advertising, or the shows can be directed to: Michelle Ogle, southdowncattle@gmail.com or (908) 781-5576.

Philo Ridge Farm, Ed Pitcavage, 2766 Mt. Philo Rd., Charlotte, VT 05445, (802) 539-2912.

DNA Fees

As of July 1, 2016, the fee for establishing DNA parentage will be reduced to \$45. This a \$5 reduction from the previous fee. DNA testing may be done using a sample of blood, hair or semen from your animal. Hypotrichosis testing may also be done at the same time for an additional fee of \$20. Please contact Vic Eggleston to generate the paperwork required for testing. The member requesting the test will mail the sample to UC Davis and the results will be forwarded to the member by Eggleston.

About Classifieds

- ◆ **Your classified's required contact information — name, farm, location, phone and email.** All classified ads are automatically placed on beltie.org with a two-month limit on classified insertions. Photos are \$10 placed on beltie.org only.
- ◆ Email ads to executivedirector@beltie.org or by fax (608) 527-4811 or phone (608) 220-1091.
- ◆ **About bulls ...** Before advertising a young male be sure he is well conformed, tracks properly, has good legs and feet, and exhibits good weight gains. We should have data available on his birth weight, 205-day weaning weight, and yearling weight. If he's reached breeding age (around 18 months), it's definitely a plus to have his semen checked for quantity and motility, and uniform scrotal development (two normal sized testicles). Any data available should appear in your advertisement along with his birth date and the names of his sire and dam. **It is required that registration numbers be included on bulls advertised for sale in the classifieds.**

Midwest Classic continued -Pecatonica, Illinois
