

# THE FOCUS

A QUARTERLY BELTED GALLOWAY PUBLICATION

2024 **OCTOBER / NOVEMBER / DECEMBER**

## OUR MISSION

The object is to promote the Belted Galloway breed of cattle, to preserve the purity of the breed by maintaining pedigree records and data, to disseminate information relative to said breed of cattle and to carry on all legal and proper activities to effectuate the primary purpose of the corporation.

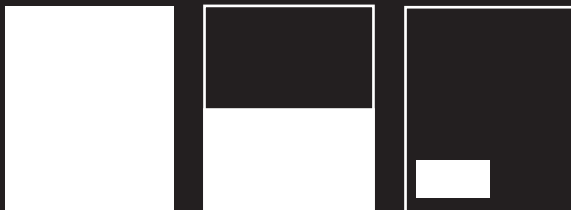

## OUR VALUES

1. Provide resources for our membership to learn and develop necessary skills to thrive as a breed.
2. Promote the breed to both consumers as an excellent source of nutrition as well as other livestock producers as a profitable venture.
3. Increase the value of the breed by building the Belted Galloway brand awareness of their place in beef production.

## UPCOMING ISSUES

# A NOTE FROM THE EXECUTIVE DIRECTOR

*Corinna Caron - Corinna, Maine*

I hope this message finds you well. This time of year is a wonderful opportunity to reflect on the accomplishments, connections, and progress we've shared as a community. We are incredibly grateful for your dedication, support, and passion that continue to strengthen our organization and breed. May the New Year bring you health, happiness, and continued success!

## **Transition to Digital Beef**

As I write this I am hoping that by the time it reaches your mailbox we have a definitive transition date for our move to Digital Beef. As mentioned in a check-in email, getting our data from CLRC was more of a challenge than anticipated throwing our timeline off. The people behind the scenes at Digital Beef making this transition as seamless as possible worked tirelessly to make up for lost time. We have been busily testing the system and adjusting it as needed. This fall, I was able to go see our new registrar in Platte City, Missouri and as we discussed the Belted Galloway

breed and rules and procedures I was able to see how well versed they are with the Digital Beef platform and the cattle industry in general. We acknowledge that the transition may be a bit bumpy as we get used to all things Digital Beef but we were also in agreement that this move will truly benefit our membership.

Moving to Digital Beef is more than just a technological upgrade—it's a step forward in ensuring the success, growth, and global competitiveness of our breed. By embracing this platform, we'll gain better insights, make more informed decisions, and position our breed for a thriving future in the livestock industry. Emails and Facebook posts will be made with more information on the transition.

## **2025 Belted Galloway Junior Nationals**

With the inaugural success of our Junior Nationals we are excited to officially announce our 2025 Junior Nationals theme and location! We are Rockin' and Rollin' to Ohio! That's right! We are going back to Medina County, Ohio from June 25-June 29, 2025! Mark your calendars for this memorable event! We have started planning and have some great ideas to build on the success of last year. We will once again be reaching out for sponsors for this truly momentous event! We are so excited to see our juniors and their families build lasting friendships and display their exceptional skill, dedication, and sportsmanship, making the event truly memorable.

## **National Show Success**

The 2024 Kathy Jurkowski Junior Belted Galloway Show and the 2024 National Belted Galloway Show were held in Louisville, Kentucky November 16, and 19, 2024 respectively. We saw an increase in entries and exhibitors for both of these

shows. Once again our cattle were exhibited on the main aisle of the barn and our shows in Broadbent Arena with our Supreme Junior Female being part of the Supreme Drive in Freedom Hall. Be sure to check out the winners of the shows in this issue. A big thank you to our Show Superintendent, Dawson Masters, who ran a very smooth event. We look forward to seeing everyone again in 2025.

## **Other Reminders**

Please be sure to take the time to read through our educational article in this issue about hypotrichosis. Hypotrichosis testing is required for all bulls born after January 1, 2018 AND all donor females and embryo calves. While we do require testing for those situations, breeders can request testing for any of their animals regardless of age or sex to help them make informed breeding decisions. Hypotrichosis testing is \$30. Another page to take note of is the page that mentions terminology. With our move to Digital Beef we will see each animal noted with a classification. Classifications will be either fullblood, purebred or percentage. Because of this difference in the terminology I am asking the Long Term Planning Committee to look at implementing correct terminology in our Breeder's Manual, among others.

## **Contact**

I want to express my heartfelt gratitude for your dedication to our breed and our shared mission. I warmly welcome conversations with breeders like you—As always I am available via email or you can call or text as well.

# BELTED GALLOWAY

## NEWS, ANNOUNCEMENTS & MORE

### HALT ALL TRANSACTIONS WITH CLRC

All transactions with the CLRC are officially halted. Any transactions received after the data upload will be sent to the Executive Director and will be completed when the Digital Beef transition has occurred. Contact Corinna with any questions.

### MEMBERSHIP RENEWALS

If you have not completed your membership renewal you will need to complete the membership form online (under the membership tab at beltie.org) or it can be found on our website or in this issue of The Focus and mail it in with the payment or email the form and call in payment! Please be sure to ensure all your information is up to date!

**Take note of the new email address, phone number and mailing address for all things membership, registrations and transfers!**

**BGS.REGISTRAR@GMAIL.COM**  
**816-610-8001**  
**BGS REGISTRAR**  
**PO Box 16**  
**Platte City MO 64079**

### FIND INFO ON BELTIE.ORG

Bookmark [www.beltie.org](http://www.beltie.org)  
Our website will be the home for all things Digital Beef. All new forms, links as well as our classifieds, show information, Council info and more are there!

### 2025 TATTOO LETTER OF THE YEAR

The Tattoo letter for 2025 is N. Unsure of best tattoo practices? Check out page II-16 in The Breeder's Manual for more info! The Breeder's Manual can be found on our website under the About Tab.

### THINK ADVERTISING

Traffic to our website will be at an all time high with Digital Beef so why not purchase a banner ad! Details can be found on the Advertising ad in this issue!

### ATTENTION: DONOR COWS

ALL donor cows need to be DNA AND Hypo tested before any ET calves can be registered. ALL ET calves must be DNA and ET tested before they can be registered.

### ATTENTION: DNA TESTING

To make the DNA testing more efficient please be sure to include ALL possible sires when completing the information so we can avoid delays in results.

### NEW COUNCIL MEMBERS ELECTED AT ANNUAL MEETING

Please help us welcome Dr. Karla Denton (OK) and Erin Seal (VA) to the Belted Galloway Society Council. They will begin their duties in 2025.

### 2025 JUNIOR NATIONALS TO BE HELD IN JUNE

Mark your calendars for June 25-29, 2025 and be on the lookout for the entry opening announcement. Be sure to follow the National Junior Belted Galloway Association on Facebook!

### 34TH ANNUAL BELTED GALLOWAY SALE

The 34th National Belted Galloway Sale will take place on April 26th, 2025. This sale will be hosted by SC Online Sales. For more information, contact Sophia Romani at [sgromani16@gmail.com](mailto:sgromani16@gmail.com)

### A.H. CHATFIELD JR MEMORIAL SCHOLARSHIPS

The 2025 A. H. Chatfield, Jr., Memorial Scholarship applications are available. Three \$1000 scholarships are awarded annually. Forms may be accessed at [www.beltie.org](http://www.beltie.org). Completed applications must be submitted to Executive Director, Corinna Caron, 151 Nokomis Rd, Corinna, ME, and must be postmarked by April 30, 2025.

### FOLLOW US ON SOCIAL

Follow the Belted Galloway Society Inc.-United States on Facebook and be sure to turn on the notifications so you can be sure you are up to date with all things BGS, Digital Beef, Junior Nationals, and more!

# BELTED GALLOWAY SOCIETY, INC.

PRESERVING AN OLD SCOTTISH BREED SINCE 1951

# MEET THE PRESIDENT

## VICTORIA VOISINE

### INTRODUCING VICTORIA VOISINE – PRESIDENT OF THE BELTED GALLOWAY SOCIETY 2025

Victoria Voisine, Exeter, Rhode Island - My journey began with my grandfather, Vernon Oatley, who managed the show string for Anderson Hill Farm in Rutland, Vermont. As a young girl, I accompanied my family to shows like Eastern States and the NAILE, where my enthusiasm for Belties truly blossomed.

In 2002 I was the NEGG Heifer Project recipient. Spurrwink Magnolia- my project heifer became the foundation of my Belted Galloway herd. Throughout the years my family and I strive to continue to improve our cattle and contribute to the breed's development. These cattle have so much to offer; their longevity, fleshing ability and calving ease are traits to admire.

#### WHAT WOULD I LIKE TO SEE ACCOMPLISHED DURING MY TERM AS PRESIDENT?

I would like to see the completed transition for the Belted Galloway Society using CLRC to Digital Beef and Chianina Association for our registry. Although I am very excited, I am realistic in the fact that the majority of my first year will

probably be very chaotic with our exciting changes but I do believe it is best for our breed. We will have a more functional and efficient database for our breed's records. While that is taking place, I also hope to continue generating more support for our Junior Program so we can offer more educational opportunities and clinics to juniors throughout the country.

#### WHAT ARE THE STRENGTHS OF BGS?

I truly believe the biggest strength in Belted Galloway Society is the people who make up our membership. The Belted Galloway Society will never be the size or have the numbers the Angus and Hereford Associations have which makes our membership base that much closer. With our numbers we can maintain a supportive and engaged community of breeders and enthusiasts and can facilitate networking and collaboration through events, shows, and conferences. The Belted Galloway Society takes pride in helping organize shows, competitions, and youth programs to foster interest and involvement in agriculture which help build a sense of pride and camaraderie among Society members.

#### WHY IS IT IMPORTANT FOR OUR ORGANIZATION TO ENCOURAGE YOUTH IN THE BREED AND LARGER INDUSTRY?

Without the youth, the breed has no future. If it wasn't for the NEGG Heifer Project 22 years ago, I would not be here today. The more support our Juniors receive from our membership, the more resources they will have so they can impact the breed that much more. I look forward to working with Council and committees to help continue youth in our breed.

# DIGITAL BEEF

# ZOOM

# MEETING

**08:00 PM EST**

**FEBRUARY 6, 2025**

Hop on a Zoom Call with our new Digital Beef Registrar Representative to feel prepared with the new transition.

Link to the meeting must be requested from [executivedirector.bgs@gmail.com](mailto:executivedirector.bgs@gmail.com)

# REGIONAL UPDATES

## NEW ENGLAND GALLOWAY GROUP

VICE PRESIDENT - DAN ROMANI (RI)

Happy New Year! As I write this the temperatures are 10-15 degrees outside, the winds are howling, and two calves have been born over the last couple of weeks! 2025 is a big year for NEGG- it is our 30th Anniversary. We continue to focus on our future - our youth. We will help sponsor the only Regional Junior National Belted Galloway Show in the country, we are sponsoring a clinic in the Spring, and we continue to fundraise for and financially support our youth membership. This Spring will also see the 34th National Belted Galloway Sale. Applications for consignments are now open and again you can consign from anywhere in the country from the comfort of your own farms (hopefully warmer than here right now.) Please contact us with any questions about consigning. Looking forward to and wishing a happy and healthy 2025 to you all!

*save the date*

**34TH NATIONAL BELTED GALLOWAY SALE**

**APRIL 26TH, 2025 - HOSTED ON SC ONLINE SALES**

## SOUTHWEST BELTED GALLOWAY ASSN.

PRESIDENT - TBD

Founded originally in 2010 as the Texas Belted Galloway Association, and reorganized and renamed to better serve the southwest geographical area in May of 2013, the Southwest Belted Galloway Association represents the largest number of Belted Galloway Cattle and owners in the United States. Comprising the surrounding states of New Mexico, Oklahoma, Kansas, Nebraska, North and South Dakota, Missouri and Iowa, states west of the Mississippi, the SBGA is a family and fellowship-oriented group of Belted Galloway Cattle owners and breeders that enthusiastically promote and preserve this majestic breed of cattle. Membership on the SBGA is open to all who have an interest in the Belted Galloway Breed of cattle.

Our Mission: The Southwest Belted Galloway Association, has as its primary objectives, the advocacy development and promotion of the Belted Galloway beef cattle. Recognizing the existence of the national organization, the Belted Galloway Society, Inc., the primary function of this corporation will be to provide education about and promote interest in the breed from a regional standpoint. The association will maintain high breeding standards of the Belted Galloway breed with emphasis placed on production and performance and other qualities characteristic of the Belted Galloway breed.

Please follow us on social media for updates throughout the year on upcoming events and other happenings within the Southwest Belted Galloway Association.

# REGIONAL UPDATES

## GREAT LAKES BELTED GALLOWAY ASSN.

### PRESIDENT - TERRY WILLIS (IL)

As we exit 2024 and enter 2025, I would like to reflect on the past year. The 4th Annual Regional Round Up was a big success, with contests and clinics to educate and benefit the Juniors. Our Annual Field Day was held with the National Annual Meeting at Wisconsin River Meats and it was tremendous. We added a Junior Show to the American Royal. Finally, I would like to express my deepest appreciation to retiring board member, Jay Dausman, for the many years of hard work and effort he supplied to the board and the GLBGA activities. I would like to welcome Will Price to the board and look forward to the ideas and expertise he will bring.

The year 2025 will bring new and exciting events and activities for our members. I would like to welcome the new members to Great Lakes and encourage you to get involved and participate in our many activities. Some of the highlights for this year are:

- The 5th Annual Regional Round Up. We will have even more new contests and clinics.
- A Junior Show was added to the Cattleman's Congress Show.
- We are moving to Digital Beef which will provide many new services to benefit us as members.
- New educational programs to help our members be more successful and profitable.
- Continue with our branding program "Proudly Raised Belted Galloway Beef"
- Provide our Beltie Handbook. It is packed full of helpful and useful information.
- We are now an electronic Society that communicates by the many social platforms, so we will continue to develop new ways to utilize them.

The future of the Belted Galloway breed is very bright. More consumers are being made aware of the delicious and healthy choice Beltie meat provides. At the shows, the judges are impressed by the depth and quality of the Belted Galloway cattle being shown. More and more times their comments include "you could paint these cattle any color and they would be outstanding."

Our goal for 2025 is to grow our membership and cattle numbers in the breed and continue to promote and market the benefits of the Belted Galloway Breed.

## WESTERN BELTED GALLOWAY ASSN.

### PRESIDENT - JOANNA HARRISON (NV)

Westerners formed their regional group in early 1995. The group meets annually, promotes the breed at various western shows and exhibits, and publishes a quarterly newsletter called The Belt-Line. Beltie facts, a membership directory, current events and membership forms are available on the regional website.

Our 2025 annual meeting is scheduled for October 3 & 4 in Reno, Nevada!  
If you have any questions: Ken Bajema, Secretary/Treasurer 360-837-3273

ATTENTION YOUTH: Youth Sponsorship funds are available for showing your Belties at Fairs or Shows. Contact Ken for applications.

# IN MEMORY OF

JOYCE L. EGGLESTON - NEW GLARUS, WI

Joyce L Eggleston, 82, the “herdsman” of Hav-A-Belt Galloway’s she and her husband Dr Victor Eggleston ran for over 20 years passed away Monday October 7, 2024 while in the care of Highview at the Woodlands Nursing Center in Rockton, Il. Born March 12, 1942 in Howell, MI, Joyce served as Dairy Princess the year she graduated from Howell High School in 1960. Joyce attended and graduated with a Bachelors of Arts in Secondary Education from Michigan State University after which she taught business education in Fowlerville, MI. Joyce was united in marriage to Victor L. Eggleston March 12, 1963.

Joyce and Vic are parents of two daughters, Debra (Stephen) Aisenbrey, and Amy (Brian) Culpepper, and Grandparents of Kitara, Bailee, and Grant.

Known to many Belted Galloway Breeders as the First Lady of the breed, Joyce was as dedicated to her beloved cattle as any one person could be. A trusted and dedicated adviser and friend to many, Joyce gave of her time and talents in several instances over the last several decades. A long-time member of the World Beef Expo organization, serving as beef superintendent, the Wisconsin Cattle Women, Great Lakes Belted Galloway Association, Belted Galloway Society Council, serving in leadership capacities in all of these organizations. Joyce also gave of her time and talents as a leader of Sheboygan County 4-H in the Horse Program and the Youth Building. She served as the Chair of the Belted Galloway Society Scholarship Committee which earned her a seat on the Belted Galloway Foundation. Joyce served as the official

host and assistant to our First Executive Director Dr Vic Eggleston for 12 years. Joyce’s service to the Belted Galloway Breed culminated in her being presented the Harry T Burn award at the Annual Meeting of the Belted Galloway Society at the World Beef Expo in September 2017.

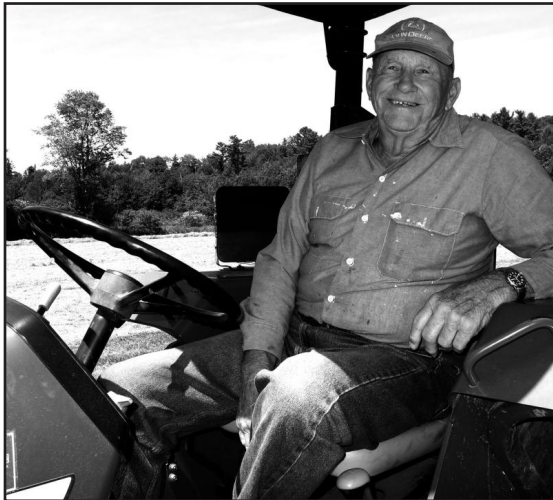

Partial to her Dun Belties, Joyce had a keen eye for well conformed, hardy cattle. She always made visitors and potential customers, especially newcomers to the breed feel welcome and valued. Her advice and counsel regarding many of the challenges we all face in this lifestyle of production agriculture, raising Belted Galloway Cattle, families, and even our pets were sought out and truly valued. Her common-sense, direct approach to many of life’s challenges was refreshing and appreciated.

Joyce is survived by her Husband of 61 years, her daughters, their husbands and 3 grandchildren, two brothers Harold (Kathy) Peckens and Bruce (Cathy) Peckens; numerous nieces, nephews and cousins and leaves behind a plethora of admiring friends and neighbors. She was preceded in death by her parents and a sister Lois.

# IN MEMORY OF

## DWIGHT A. HOWARD - UNION, ME

Dwight Angelo Howard, of Union, Maine, passed away peacefully early Monday morning September 23, 2024 with his wife Nancy by his side after a brief illness.

Dwight was born on September 17, 1932 to Dorothy and Angelo Howard in Union, ME. The family farmed their land with Dorothy operating an assisted living service for elderly adults in their home while Angelo performed a variety of construction jobs including swinging a 16 pound hammer breaking rock for a number of years.

Following his service in the Army, he married Nancy Messer and together began their own farm career. Dwight worked a variety of jobs including a stint as a Guard at the Maine State Prison on nights which afforded him the ability to work his farm during the days. He raised beef cattle and raised squash on their farm when a life changing opportunity arose when he was recruited to be Farm Manager at Aldermere Farm in Rockport, ME.

Aldermere Farm, at that time, was the oldest original herd of Belted Galloways in the United States. Working with owner Albert Chatfield Jr., they researched genetics, improved fields and feed crops and built what became known as the most outstanding herd in the United States, if not the world. Dwight took cattle to the annual National Shows and often won Grand Champions with Aldermere's cattle. They sold cattle to farms all over the country but also imported and exported cattle internationally. This international recognition led Dwight to be asked to come to both Scotland and Australia to judge their own National Belted Galloway shows. In 2001, the United States Belted Galloway society recognized him for his outstanding leadership and support for the growth of the breed throughout the United States.

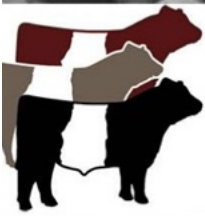

Closer to home, Dwight served as Livestock Superintendent at the Union Fair and served as President of the Maine State Beef Producers including being inducted into their Hall of Fame. Dwight's activities outside of work continued to be some hunting and fishing but he also served in the Rockport Boosters Club that for one project included building a skating rink in what is now the "swamp" across from the old Rockport Elementary school for kids and families to enjoy. He also served as a 4H Club Leader and a Little League Baseball Coach.

In retirement, Dwight and Nancy took camping trips across the country including one to Alaska that remained their favorite. They also for nearly 40 years took camping trips to Florida and then purchased a place there in Venice where they still have many dear friends.

Once a farmer always a farmer, Dwight and Nancy cared for and maintained a large vegetable garden even this year and maintained a fenced pasture next to the house so that a local farm would have a place to graze their Belted Galloways, keeping the breed close to his home and heart.

# BE IN THE KNOW

## DIGITAL BEEF TRANSITION

### WHAT YOU NEED TO KNOW

- Members that have paid their 2025 dues by January 6, 2025 will receive an email with their username and starter passwords when we transition.
- Members will be notified via Facebook and email when we have exact transition date.
- CLRC will no longer be handling any new transactions for BGS effective January 6, 2025. They will complete transactions received via mail and email by transition date.
- Members that need to renew memberships after transition will need to either fill out the online form on our website or fill out a paper membership form (found in this issue or online) and email it or mail it to our new registrar.

### WHAT YOU NEED TO DO

- Sign up for the Zoom meeting we will have prior to our transition date (sign up will be sent out via email and Facebook)
- Make note of new email address, phone number and mailing address for our registrar!

## MEMBERSHIPS & RENEWALS MOVING FORWARD

As we start our official transition to Digital Beef from CLRC, there will be a few changes how our memberships are handled moving forward. New membership applications and renewal memberships should now be sent to the NEW BGS Registrar Office at PO Box 16, Platte City, MO 64079. Use the new membership form on the next page to complete your membership application. All fees are to be paid by Visa, Mastercard, or Check. Our new contact for registrar information is Stephanie Snook. She can be contacted [bgs.registrar@gmail.com](mailto:bgs.registrar@gmail.com) or 816-610-8001.

**Stephanie Snook**  
[bgs.registrar@gmail.com](mailto:bgs.registrar@gmail.com)  
816-610-8001  
PO Box 16  
Platte City, MO 64079

## DELAY IN COMMUNICATIONS WITH CANADA

Effective December 23rd, 2024 the Canadian Postal Strike has ended. The strike began November 15th, 2024. This may affect your previous correspondence with CLRC.

The U.S. Postal Service will resume acceptance of mail and packages to Canada starting Monday, Jan. 6, 2025. Canada Post has made significant progress in clearing delayed volumes caused by their employee strike, and now commercial and retail customers, as well as those using online systems, will be able to send mail and packages to Canada once again.

**BELTED GALLOWAY SOCIETY**

# HYPOTRICHOSIS

## IN BELTED GALLOWAY CATTLE

Many breeds of cattle are afflicted with a number of genetic conditions. But thanks to modern research and scientific developments, identifying the specific gene that causes each of these abnormalities has become a reality. Belted Galloway breeders report the intermittent calf born exhibiting varying degrees of hair loss or hypotrichosis symptoms.

Manifestations of hypotrichosis are evident at birth or within 72 hours of birth. Generally hair loss at pressure/rub points at the joints of the inner legs followed by the additional hair loss on the legs and the belt. Regrowth of hair and the subsequent loss has been noted in some animals held past weaning age. On rare occasions, excessive hoof growth has been noted, elongated bodies, unusual head shapes, or below-average growth rates.

Through the scientific research of Dr. Jonathan Beever PhD at the University of Illinois Urbana-Champaign, the hypotrichosis (HY) recessive gene in the Belted Galloway breed was identified. Dr. Beever developed an accurate diagnostic test for the identification of the gene. Belted Galloway breeders contributed to Dr. Beever's research by submitting blood/semen samples of many symptomatic animals that included dams/sires that were suspected carriers of the hypotrichosis (HY) recessive gene. Also, whole herd samplings were volunteered for genetic diversity in the study. As a minor breed of cattle, with limited means, we are grateful that Dr. Beever was willing to invest his expertise and resources to identify the hypotrichosis (HY) gene. Sample testing was done through batch processing requiring 30+ individual blood/semen samples to be submitted in order to process testing. Over time, our breeders began to make requests for the availability to process an individual sample (HY) results could be expedited when the information was time sensitive.

UC Davis, the provider of the laboratory services that verify DNA parentage for the Belted Galloway breed, confirmed that they will offer hypotrichosis testing on a per sample basis with the submission of hair, blood, or semen. As an added bonus, Belted Galloway breeders have the option to test an animal for DNA parentage and hypotrichosis with the same sample submitted.

The results of those animals that were hypotrichosis tested through Dr. Beever's research have been used as a management tool to make informed breeding decisions. By identifying (HY) carriers through official testing, breeders have avoided producing (HY) calves by not mating (HY) carrier cattle.

Tom and Pete, two Belted Galloway breeders, shared their past hypotrichosis experience. Tom had been a breeder of Belted Galloway cattle for 20 years. He purchased a bull from Pete—a breeder who had genetics that Tom felt would be beneficial in his breeding program. Tom's new bull bred 12 females in herd and several months later two calves were born that did not have any hair on their inner legs. One calf did not have hair in the belt and visible pink skin was present.

In those early years when symptomatic calves were born, the sire was faulted. But what Tom and Pete did not know was that both the sire and dam of a calf must possess the (HY) gene for the calf to exhibit hypotrichosis symptoms. Today a breeder like Tom is able to test his herd to identify known carriers of the recessive trait. And Pete is able to test both the sire and dam of the bull he sold to determine the source of the (HY) gene carrier.

# HYPOTRICHOSIS

## IN BELTED GALLOWAY CATTLE

### FREQUENTLY ASKED QUESTIONS

#### What is the procedure for requesting testing?

Requests are submitted to the Executive Director via the online form at [beltie.org](http://beltie.org) or via email with the required information: animals, name/registration number, if registered; some form of a unique ID (name or tattoo is best) if unregistered. Also required: sex; birthdate; sire name and registration number; dam name and registration number; plus the name and address of the member who is requesting the test/their designated representative. The Executive Director will use the information to generate the UC Davis paperwork and it will be forwarded by email to the individual requesting the test. Instructions for collecting and submitting the hair sample along with payment information will be included. Please note that hair that has previously been submitted for DNA parentage is on file at UC Davis and can be tested for hypotrichosis.

UC Davis will send the results to the Executive Director's office and the report will be forwarded to the member/representative requesting the test and the registrar's office.

#### What are the fees for hypotrichosis and DNA parentage testing?

Hypotrichosis testing is \$30 and DNA parentage testing is \$45 which may be requested in combination or separately. Animals can be tested before they are registered. Hypotrichosis testing is mandatory in bulls being registered, donor females and ET calves being registered.

#### Explain the probability of a calf born to two carriers of the hypotrichosis (HY) recessive gene. Also, if a non-carrier animal is bred to a (HY) recessive gene carrier animal—what is the likelihood of their progeny carrying the gene?

When two animals are mated that possess the recessive (HY) gene, progeny have a twenty-five percent probability of being afflicted/symptomatic. Half of their progeny will potentially carry the (HY) recessive gene. Progeny of a non-carrier animal bred to an animal that carries the recessive (HY) gene have a fifty percent probability of carrying the gene, and zero probability of exhibiting signs of the condition. Hypotrichosis testing is a diagnostic tool to aid breeders to make informed breeding decisions regarding animals that carry the (HY) recessive gene. To request testing contact the Belted Galloway Society office at [executivedirector.bgs@gmail.com](mailto:executivedirector.bgs@gmail.com) or visit the bull registration tab at [beltie.org](http://beltie.org)

# 2025 SHOW RULES

## SOCIETY SANCTIONED SHOW RULES

To be eligible and recognized for Belted Galloway Society financial support and points, Belted Galloway shows must comply with the following rules.

1. Exhibitors must be members in good standing of the Belted Galloway Society, Inc.
  2. All animals must be registered or recorded in the Belted Galloway Society Herd Book or other Society recognized Herd Book.
  3. Animals must be in good physical condition and typical of the breed in conformation. "Good physical condition" shall include but not be limited to the absence of any infectious condition such as ringworm or warts.
  4. Original registration or recordation will be required at check in. Any animal without a legible tattoo will not be allowed to show.
  5. Bulls over 12 months of age are required to wear nose rings, either temporary or permanent, and must have a lead attached to the ring whenever being led.
  6. All bulls shown must have two descended testicles. No cryptorchids will be allowed.
  7. Bulls exhibited at 16 mos. of age or older must be accompanied by a certificate documenting they have passed a breeding soundness exam, including but not limited to the progressive motility, sperm morphology and scrotal circumference performed by a licensed veterinarian.
  8. Females that are 26 mos. or younger are eligible to show in the heifer classes. Females that are 27 months or older must show in cow/calf class with a calf at side. Calves exhibited in the cow/calf class cannot be over 230 days of age. All cows must be lactating, and all calves must be nursing and registered.
  9. Animals must be purebred and registered in the Herd Book to qualify for the purebred show. This will include purebred, properly marked heifers, bulls, purebred steers and Purebred, mismarked heifers. Mismarked heifers will not be eligible for Supreme Drive.
  10. Percentage Belted Galloway animals must be recorded in the Herd Book to be eligible to be exhibited in the percentage Belted Galloway show which would include percentage heifers and steers.
  11. Percentage heifers and percentage steers may not be shown in group classes. 12. The order of the show will be purebred, properly marked heifers, cow/calf, bulls and group classes, followed by purebred steers, percentage steers, purebred, mis-marked heifers and percentage heifers.
- Group classes:
- a. Only purebred, Belted Galloways can be shown in group classes, no percentage animals, steers are allowed.
  - b. There will be 3 group classes, Get of Sire, (3 animals by one sire both sexes represented) Produce of Dam, (2 animals by one dam), and Best Four Head (aka Breeder's Herd) which will consist of 4 animals represented in any configuration. All animals shown in groups must have been shown in previous classes.
  - c. All animals shown in the Best Four Head (Breeder's Herd) group class must all be bred by the same breeder. Animals in this group must be owned or co-owned by the exhibitor at least 30 days prior to show and the same owner's name needs to be present on registration paper as well as bred by the Group classes need to be declared at time of check in.
13. Grand and Reserve Grand Heifers and Bulls will be DNA verified at the Society's expense at the National show at the NAILE only. DNA verification is not required by the Society at any other shows.
  14. To compete in the Junior Show and Showmanship classes with an animal, the Exhibitor must be a Junior member of the Society and be 8 years of age or older. This includes any alternate show person entering the ring for the junior. No bulls over 7 months of age may be used in Junior Showmanship and any animal deemed unruly or dangerous while in the ring can be dismissed at the Judge's discretion. Only one handler per animal will be allowed in the ring during Showmanship.
  15. Substitution: Should any entry be substituted for another no new fees are required. However, registration papers must be submitted with the request for substitution. Substitutions must be made by the late entry deadline of the show. Substitutions may be made within class only.
  16. The Show Committee reserves the right to combine or split classes depending upon total entries in the class.

# 2025 SHOW RULES

## SOCIETY SANCTIONED SHOW RULES

17. The Show Committee reserves the right to disqualify any animal that has been fitted in an unethical manner. Unethical fitting shall include any injections of gas, solid or liquid under the skin to alter conformation; any additions of artificial tail heads or polls; any surgical alteration of the animal's shape; as well as any dyeing or coloring which alters the animal's natural color pattern. Artificially filling animals internally (pumping or drenching) is strictly prohibited.
18. Exhibitors are responsible for making sure entries are in the staging area before their classes are called. Exhibitors that do not enter the show ring within 3 minutes of the announcer's final call, forfeit the right to compete in that class.
19. Decisions of the judges are final except where mistake, fraud or misrepresentation is proven. Complaints, if any, must be tendered in writing to the Show Committee. Cost of any resultant investigations shall be borne by the complainant if allegations are dismissed, or by the exhibitor against whom the complaint was issued, if allegations are proven correct.
20. All protests must be made within 24 hours of the show.
21. Interference with or disrespect shown to the judge by any exhibitor during the performance of the judge's duties shall be deemed grounds for immediate disqualification.
22. Exhibitors must obey all rules of the Belted Galloway Society, Inc., and of the show they are attending, or be disqualified. Failure of exhibitors to follow the rules and release times shall not be allowed back the next year.
23. Exhibitors time Slots for set up will be communicated to Exhibitors.
24. Unattended animals must be double tied with halter rope plus neck rope or two halters, two ropes.

# JUNIOR COUNCIL REPORT

## MISSION STATEMENT:

*To provide young Belted Galloway cattle enthusiasts a program for developing beef cattle management and leadership skills through our breed-sponsored educational programs at local, state, and national competitions.*

The NBGJA cultivates leadership and fellowship through promotion of the Belted Galloway breed for members of the Belted Galloway Society, Inc. who are ages 8-21 years.

The Belted Galloway Junior Association began in late 1996 as the Beltie Youth Group. During 2013, the organization was renamed the Belted Galloway Junior Association by the Council of the Belted Galloway Society, Inc. Shows, education, and activities are sponsored annually by regional Belted Galloway organizations.

The Society recognizes the Kathi Jurkowski Belted Galloway Junior Show as the national show held at the annual North American International Livestock Exposition in Louisville, Kentucky during November. A junior program of activities and contests are held during the NAILE.

by Corinna Caron (ME), Executive Director

As the year comes to a close, we want to take a moment to express our heartfelt gratitude to Ashton Caron (ME) and Elizabeth Eaton (OH) who have completed their term on the Junior Council. Their dedication, leadership, and contributions have left a lasting impact on our community and the future of the Belted Galloway breed.

Through their hard work, innovative ideas, and unwavering commitment, they have inspired their peers and helped advance the mission of our group. While their time on the council may have come to an end, the mark they have made will continue to guide and influence us for years to come. We are thankful for their service and for being such an integral part of our community.

We are excited to welcome two new members to our Junior Council. Paycience Boudreau (MA) and Abigail Caron (ME) have joined the Junior Council and are ready to help keep our momentum on all the exciting things we have planned for 2025. Please take a moment to read their bios and learn a bit more about them!

2025 will bring our second Belted Galloway Junior Nationals. After much consideration the council has decided to hold the event again at Medina County Fairgrounds in Medina, Ohio. We have a new and exciting theme Rockin' and Rollin' to Ohio and cannot wait to see all of our Junior exhibitors and their families from June 25-29! We will be reaching out for sponsorships as this event relies on the generosity of our members, farms, businesses and more to be successful!

We will be accepting applications for Junior Council members later this year and if you or someone you know is interested in becoming a member have them check out the Junior page on our website [beltie.org](http://beltie.org) for more information.

*Abigail Caron*

*Paycience Boudreau*

# BELTED GALLOWAY

## JUNIOR COUNCIL BOARD MEMBERS

*Abigail Caron*

My name is Abigail Caron and I am a new Junior Council Board member for the NJB-GA. I am from Corinna, Maine. My family has been raising Belties for over 15 years. I am a senior at Nokomis Regional High School and active in clubs and sports including President of National Honor Society and in Student Government. I am also active in our local 4-H club where I have been the President for the last 2 years. I have been showing Belted Galloways for over 10 years and have been fortunate enough to show in local, state, regional and national levels. With being a part of the Junior Council, I am excited to bring my ideas to the table! Our next Junior Nationals is on the way and I couldn't be more excited to help put together and plan this for our members and the youth!

*Paycienne Boudreau*

I'm Paycienne Boudreau and this is my first year on the National Junior Belted Galloway board. I'm from New Bedford, Massachusetts and I've been showing Belted Galloway Cattle for four years now. I attended an Ag High School where I got an opportunity to lease a Beltie heifer from a school friend and join 4H. Fast forward 3 years I've been my club's President for two years and I've been showing with Olde Post Farm in Rochester, Massachusetts where I've shown 3 heifers and owned/shown 3 steers. I'm ending my 4H years with showing my first lease heifer's steer this upcoming year. Throughout my years with the Beltie breed my love for them has only grown. I love building connections and friendships through the breed and learning anything that can better myself and my operation. On a more personal level, I am a freshman at Johnson & Wales University where I am majoring in Animal Science and obtaining a minor in Marketing. I am beyond grateful for the opportunities I have received in this breed and I truly love advocating for them and proving that the Belties can stand with the other breeds.

*Welcome to the Junior Board!*

# BELTED GALLOWAY

## JUNIOR NATIONALS CHECK LIST

### ANIMALS

Which animal(s) are you thinking of taking?

Are they registered in your name? Do you need a lease? Are they tattooed?

Do they meet the age requirements? What class will they be in? (new rule book coming soon!)

Did YOU renew your BGS Junior Membership?!

### ACCOMMODATIONS

Start looking for accommodations now! AirBNB? Hotel? Renting a camper? So many possibilities near Medina, Ohio for you to choose from!

### TRAVEL

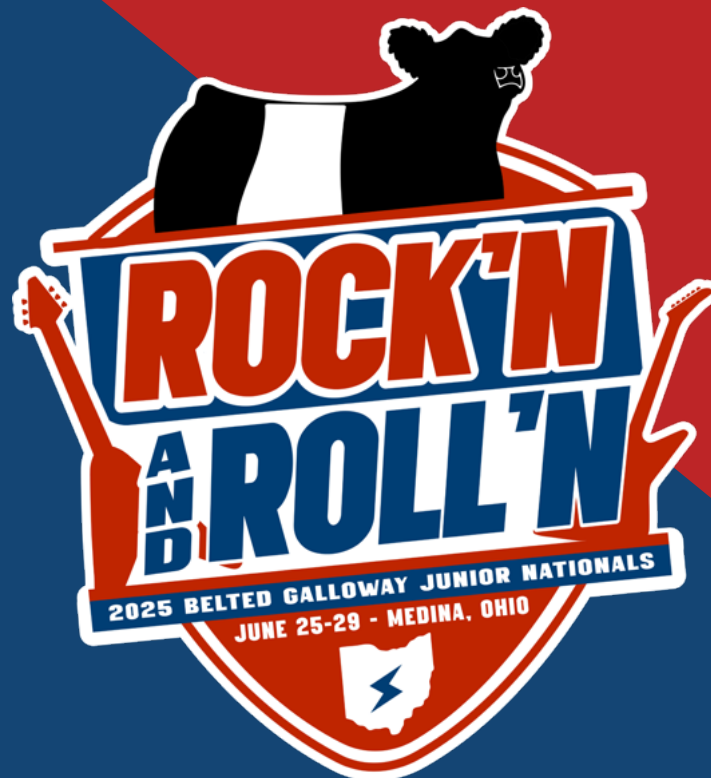

Do you need to find an overnight stopping point?

Plan for the weather - the end of June can bring some hot temperatures or some unexpected storms.

Health paperwork from a vet to travel over state lines and requirements to enter Ohio. (more info in new rule book)

### KEEPING UP TO DATE

Follow the National Junior Belted Galloway Association Facebook page AND the Belted Galloway Society Inc Facebook page! Be sure to turn on notifications for these pages so you know as soon as we post!

# BELTED GALLOWAY

## PEDIGREE TERMINOLOGY

With our change to Digital Beef there will be lots of things that will look different. We want to keep you in the know and make sure you understand. One of those things that will be different is the "Classification" section on an animal's information page. There are 3 possible terms that you can see in this section; Fullblood, Purebred and Percentage. Those words are defined as follows:

**Fullblood** - Full blood cattle are fully pedigreed animals, where every ancestor is registered in the herdbook and shows the typical characteristics of the breed. No percentages, non-Belted Galloways are in that animal's pedigree.

**Purebred** - Purebred cattle have percentage animals in the pedigree and have been bred up to purebred status. Purebred can never be fullblood or create a fullblood offspring.

**Percentage** - Percentage cattle have a breed or breeds other than Belted Galloway in its pedigree and are still under the needed generations to be recorded as purebred. Percentage cattle need to be at least 50% percent Belted Galloway (sire or dam was a registered Belted Galloway).

**Registration papers:** With Digital Beef you will have the option to have your registration papers printed and mailed to you or not. As a reminder if you are planning on showing your animal most shows do ask for a paper copy of a registration. Registration papers will look a little different. They will be color coded with a red border indicating an animal that is fullblood or purebred and a green border indicating a percentage recorded animal.
